Attention
Visitors and Guests

To ensure the safety of our patients, we are limiting visitation to **one guest only who is essential to the care of the patient.**

All other guests are asked to please return to their vehicles.

**All patients and guests will be screened for potential exposure and symptoms.**

- **Visitor must be age 18 or over.**

- **Do not accompany patients if you have the following symptoms:** fever, cough, runny or stuffy nose, sore throat, chills.

- **Do not accompany the patient if you have had contact** with someone with coronavirus (COVID-19).

- **Do not visit if you have traveled internationally** within the last 14 days.

- **Please proceed to the reception desk** where staff will ask you about possible symptoms.

Thank you for your cooperation and help in reducing the risk of spreading coronavirus in our communities.
