

File and Use the Patient Entered Review of Systems Questionnaire

Once your patient has completed the ROS Questionnaire via MyChart, pull that information into your Note easily using a system SmartBlock.

1. Open the patient's visit/Encounter.
2. Click the **Notes** Activity tab.
3. Click the **Create Note** button.

4. In the notes window, type '.rosbyage' and select **ROSBYAGE**.

5. The answers to the ROS questionnaire (completed by the patient) will display.
