Screen for COVID-19

In the last 30 days, have you been in contact with anyone who was confirmed or suspected to have COVID-19, including outside the US.

OR

Do you have any of the following:
- Fever ≥100°F or 37.8°C
- New Cough
- New shortness of breath
- New sore throat
- New chills
- Travel in the last 14 days

OR

Have you been advised to stay home by a medical professional due to illness that might be COVID-19

Negative COVID Screen
- Continue standard triage for OB symptoms
- Communicate next scheduled appointment w/ Pt if no acute concerns
- Review CDC Recommendations for Social Distancing

Positive COVID Screen
RN/MD/APP Triage patient & consults YNHH COVID-19 hotline, if needed 833-ASK-YNHH

Does patient have Pregnancy Symptoms/ Concerns?

MILD/MOD symptoms & NO Obstetric Concerns
- Consider phone assessment and management and office assessment as needed
- Use YNHH COVID-19 hotline guidance as needed
- Review CDC recommendations for Home Isolation.

SEVERE SYMPTOMS Regardless of Obstetric Concerns
Instruct patient to seek evaluation in the ED
- Notify ED, and L&B charge RN to expect OB patient arrival with positive screening
- Continue standard triage for OB symptoms

MILD/MOD symptoms & YES Obstetric Concerns
- Continue standard triage for OB symptoms
- Use YNHH COVID-19 hotline guidance as needed
- Consider phone or office evaluation. If requires face to face evaluation, notify L&B

YNHH COVID-19 Hotline: 833-ASK-YNHH (7 days per week, 7am – 7pm)
Infection prevention staff available via hotline
BH: L&B 203-384-3145
LMH: L&B 860-444-5103
GH: L&B 203-863-3510
