

Staff COVID Exposure Risk - Mitigation Phase

STEP 1: Determine HCW PPE level		STEP 2: Determine COVID + Person PPE level	STEP 3: Determine Risk level	Step 4: Implement recommended measures
Exposure Scenario (infectious period is 2 days prior to symptom onset or positive test if asymptomatic)			Exposure Risk	Recommendation (refer to Exposure Response algorithm for details of supervisor's and staff's actions to be taken)
Staff PPE	COVID + PERSON			
No mask	Positive household member (<6 feet for ≥ 15 minutes over a 24 hour period without a mask indoors)		HIGHEST RISK	IF exposed HCW <u>asymptomatic</u> , <ul style="list-style-type: none"> Home QUARANTINE** Return to work on or after day 11 post-exposure once tested on day 10 and resulted negative <ul style="list-style-type: none"> Contact Occ-Health Call Center for test order. Staff may self-schedule it afterwards via My Chart. If testing not performed, may return to work on or after day 15 post-exposure. Self MONITOR for fever & symptoms twice daily If exposed HCW <u>symptomatic</u> , <ul style="list-style-type: none"> EXCLUDE from work + SELF-ISOLATE Self-schedule testing by going to: https://ocucovidtesting.ynhhs.org
Highest risk procedure for transmission (see list below)* No N95 (or equivalent) or no goggles/face shield	Any amount of time in same room that procedure is taking place			IF exposed HCW <u>asymptomatic</u> , <ul style="list-style-type: none"> Continue to WORK Test @ day 5 & 12 for clearance to continue to work; if test positive, DO NOT present to work and contact the Call Center. <ul style="list-style-type: none"> Notification will be sent via MyChart to schedule Self MONITOR for fever & symptoms twice daily If exposed HCW <u>symptomatic</u> , <ul style="list-style-type: none"> EXCLUDE from work + SELF-ISOLATE Self-schedule testing by going to: https://ocucovidtesting.ynhhs.org
Any exposure other than highest risk both at work or in the community.			LOWER RISK	IF exposed HCW <u>asymptomatic</u> , <ul style="list-style-type: none"> Continue to WORK no further f/u Self MONITOR for fever & symptoms twice daily If exposed HCW <u>symptomatic</u> , <ul style="list-style-type: none"> EXCLUDE from work + SELF-ISOLATE Self-schedule testing by going to: https://ocucovidtesting.ynhhs.org

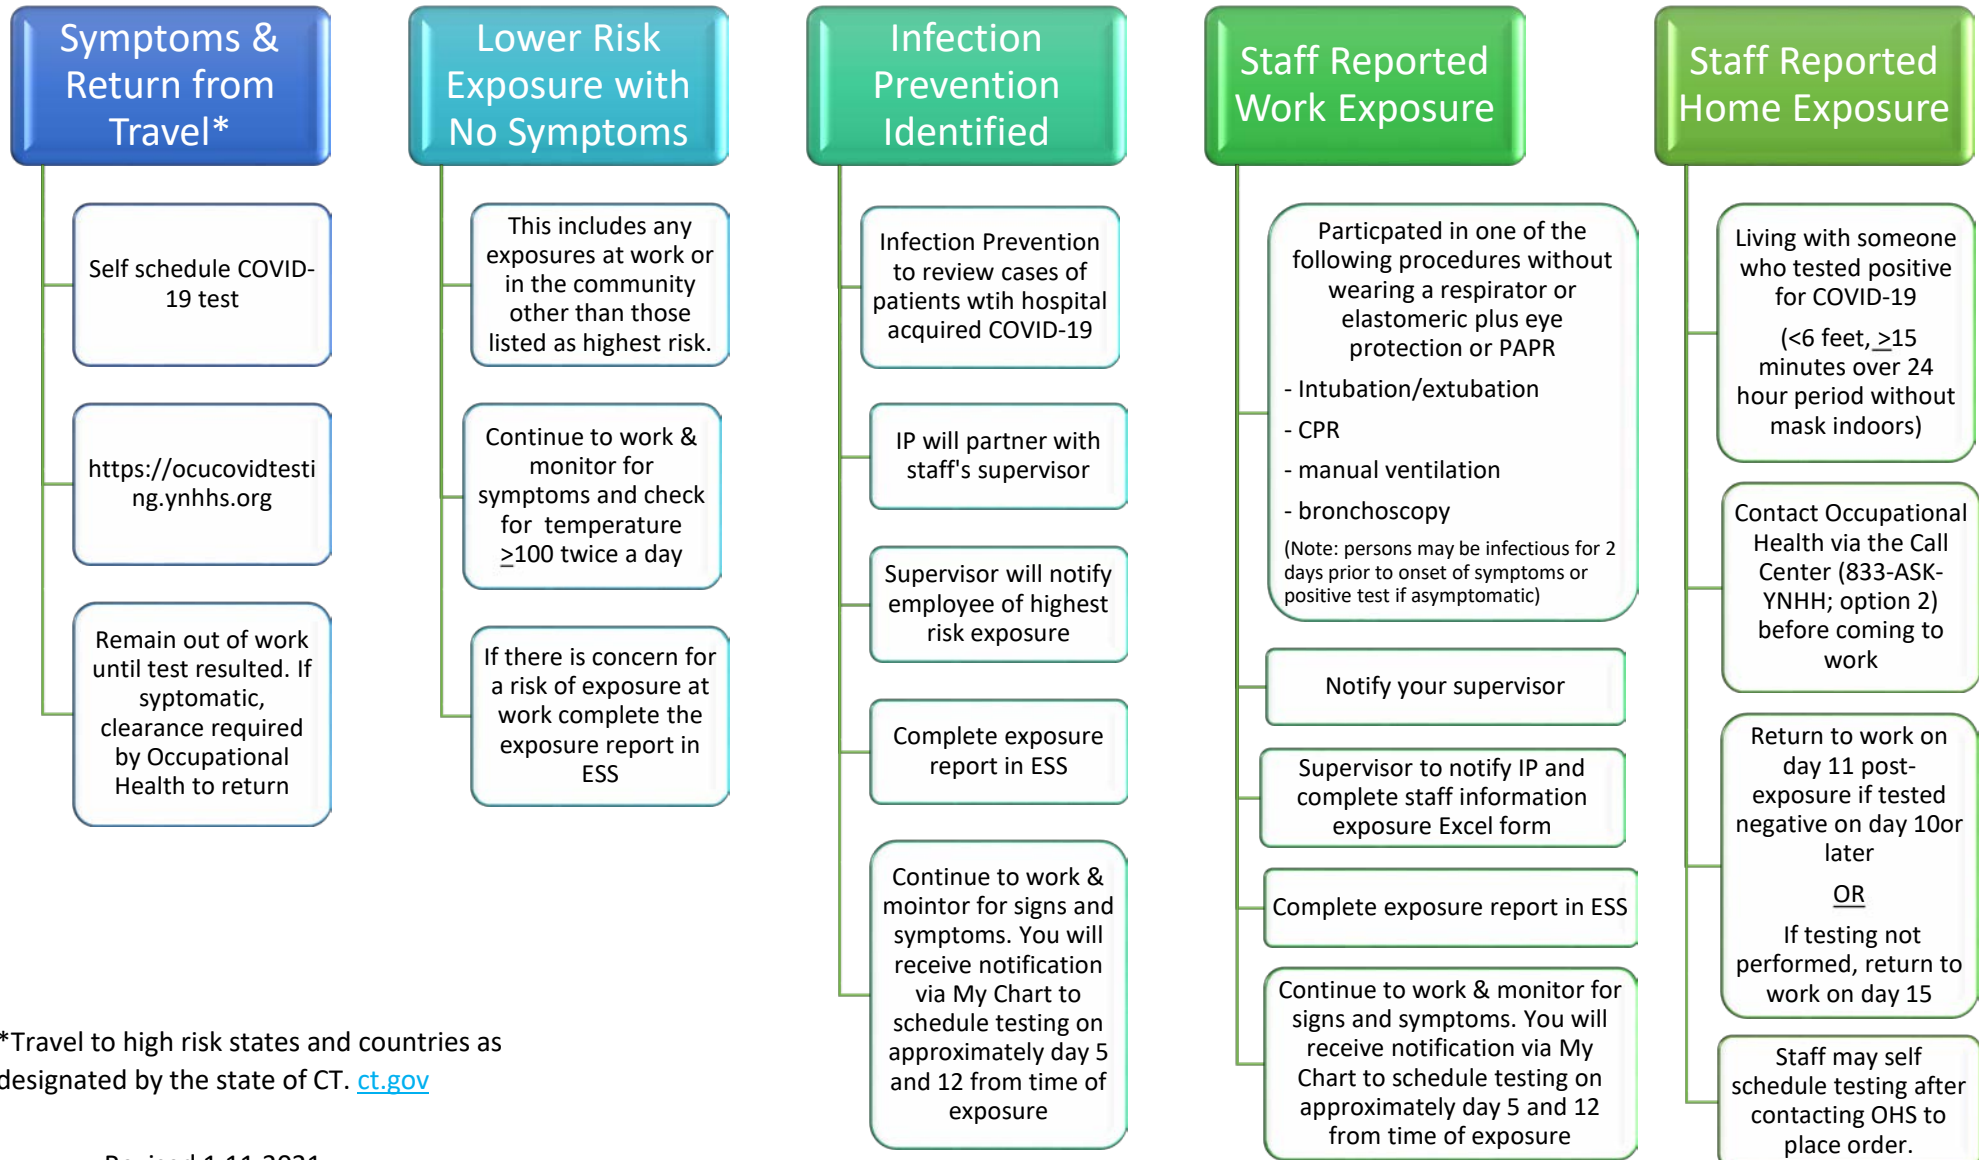

These are guidelines only which are subject to change and should be used based on specific scenarios. If in question reach out to Infection Prevention or Occupational Health.

*Endotracheal intubation/extubation, CPR, manual ventilation, and bronchoscopy

**Dept VP/Chair, CNO, CMO may request an exemption if there is significant effect on operations from the Medical Director of IP.

COVID-19 Exposure Risk Response Mitigation

Highest Risk Exposures

*Travel to high risk states and countries as designated by the state of CT. [ct.gov](https://www.ct.gov)
